

# HINGED FASTENERS

Ideal for rubber plied and PVC solid woven belting, the Selflex Rivet Hinged Fasteners delivers the performance, long life, and easy installation that maximize belt availability.

### Features and Benefits:

- Self-setting rivets in staggered pattern for maximum holding ability without damage to belt carcass fibers.
- Built-in viewport for easy fastener positioning.
- Easy joint separation by simply removing the hinge pin.
- Easy installation with our patented design bolt or with nail-rivet.
- Suitable for working on small diameter rolls.

### **Installation Options:**

- To make installation with bolts you will need only MA08-T installation wrench.
- To make installation with nail-rivets you can use MA08-40 installation tool for easy installation.

### **Options:**

• 50cm, 60cm, 65cm, 80cm, 100cm, 120cm are the available sizes.

### Packaging:

• Depending on your preference, fasteners can be shipped together with nail rivets or bolts&nuts inside carton boxes as 5 sets/box. Connecting pins are included in the boxes.

### Applications:

- Underground and surface mining, coal and hard rock, cement and asphalt plants, pulp and paper, sand and gravel plants, and other demanding applications.
- For belts from 8 10 mm(5/16" 25/64") thick with mechanical fastener ratings up to 80 kN/m and minimum pulley diameters up to 300 mm.

HINGED FASTENER SELECTION CHART								
Fastener Code Tension Range Suitable Belt Thickness Min. I				Min. Pulle	Min. Pulley Diameter		Connecting Pin Diameter	
	kN/m	mm	inch	mm	inch	mm	inch	
MR05	80	8.0-10.0	5/16"-25/64"	300	11.8"	8.0	5/16"	

# **HINGED and STAPLED FASTENERS**

With pre-inserted staples and a one-piece strip design, Selflex Hinged and Stapled Fasteners makes splicing quick and easy.

### Features and Benefits:

- Strong and impact-resistant splice.
- Abrasion resistant splice.
- The front edge of the fastener is beveled to allow it to interface smoothly with conveyor components.

### **Installation Options:**

- The installation of MR01 and MR02 can be done with the installation tools MA02-10, MA02-20, MA02-40, MA02-100.
- The installation of MR03 can be done with the installation tool MA03-15.

#### **Options:**

- Available in sizes 60cm, 80cm, 100cm. Can be manufactured in special sizes as per order.
- Available in steel, stainless steel 316Q.

### Packaging:

• Fasteners are shipped inside carton boxes as 5 sets/box. Connecting pins are included in the boxes.

### **Applications:**

- Package and baggage handling, cased goods, parts, food and agricultural products.
- Belts from 1,5 6,5 mm (1/16" 1/4") thick, with mechanical fastener ratings up to 40 kN/m and minimum pulley diameters 50 mm.

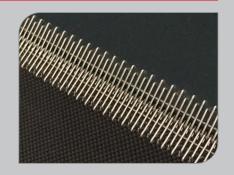

HINGED AND STAPLED FASTENER SELECTION CHART								
Fastener Code	Tension Range Suitable Belt Min. Pulley Diameter Connecting F							
	kN/m	mm inch		mm	inch	mm	inch	
MR01	17	1.5-3.2	1/16"-1/8"	50	2"	2.4	0.080"	
MR02	28	3.2-5.5	1/8"-7/32"	70	3"	3.4	0.141"	
MR03	40	4.5-6.5	3/16"-1/4"	100	4"	3.6	1.600"	

# **WIRE HOOKS**

### Features and Benefits:

- Stainless steel material.
- · Quick, economical installation.
- Low-profile fastener.
- Double-staggered-grip pattern that doesn't degrade the integrity of the belt carcass.
- Operates quietly and interfaces seamlessly with conveyor components.

### **Installation Options:**

- MA01-75 Roller Lacer-Lightweight, portable installation tools which gently and precisely roll the hooks into the belt for a low-profile splice. The length of the tool is 75cms.
- MA04-20 Vise Lacer Works with a vise. Length of the tool is 20cms.

### **Options:**

• Wide variety of wire diameters, leg and point lengths.

### Packaging:

 Fasteners are shipped inside carton boxes as 5 sets/box. Connecting pins are included in the boxes.

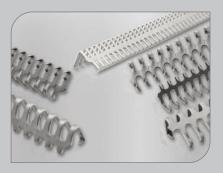

### Applications:

- Depending on their size wire hooks can be used with laundry belts, ligth-duty PVC belts, filter cloth, filter belts, heavy-duty PVC belts, rubber conveyor belts, heavy-duty conveyor belts.
- For belts up to 10 mm (25/64") thick and minimum pulley diameters 24mm.

# **BELT LACING**

For systems with pulleys as small as 1" (25 mm) diameter, Selflex Lacing System offers an economical, low-profile splice.

### Features and Benefits:

- One-piece design provide uniform tension across belt width.
- Engineered to prevent pieces from working loose from belt.

### **Installation Options:**

- MA01-75 Roller Lacer-Lightweight, portable installation tools which gently and precisely roll the hooks into the belt for a low-profile splice. The length of the tool is 75cms.
- MA04-20 Vise Lacer Works with a vise. Length of the tool is 20cms.
- SR series No:1 and No:7 fasteners can be installed with MA04-20 vise lacer or with MA01-75 roller lacer. The other sizes of SR series can be installed with just a hammer.

### Options:

- Available in steel or stainless steel.
- Continuous lengths to fit any belt width. Can be manufactured in special sizes.

### Packaging:

 Fasteners are shipped inside carton boxes as 5 sets/box. Connecting pins are included in the boxes.

### **Applications:**

- Conveyor and transmission belts, as well as sanitary operations.
- Belts up to 9,5 mm thick and minimum pulley diameters up to 300 mm.

# PLATE FASTENERS

Engineered to meet the demands of the toughest material-handling applications, Selflex Plate Fasterners provide a strong, sift-free splice with superior holding ability. Their strength derives from a combination of top-and-bottom plate compression and high-tensile-strength bolts.

### Features and Benefits:

- Specially formed teeth penetrate belt carcass, without damaging fibers.
- Quick and easy on-site installation thanks to templets and piloted bolts that provide automatic alignment.
- Patented BR12S and BR20S series Fixed Bolt Plate Fasteners have fixed bolts on the plate and do not fall down during installation.

### **Installation Options:**

- Installation can be done easily with installation template, wrench, punch, bolt braker.
- In order to prevent the bolt fall down, Plate Fastener Klips can be used during installation.

### **Options:**

- Available in a variety of metal types to best suit your application.
- A variety of portable hand and power tools to speed installation.

### Packaging:

- The sizes between BR10E BR20E and BR12S BR20S are shipped as 250 pcs./box.
- The sizes between BR21E BR40E are shipped 100 pcs/box.
- Plate fasteners are shipped as demounted in plastic bags and inside carton boxes.

### **Applications:**

- Sand, gravel, crushed stone, cement, mines, salt and fertilizer factories.
- For belts from 5 30 mm (1/5" 1.1/4") thick with max. mechanical fastener ratings 150 kN/m and minimum pulley diameters from 250 1500mm (10" 59").

# **ELEVATOR BUCKETS**

### Features and Benefits:

- Plastic elevator buckets are manufactured from polypropylene and metal elevator buckets are produced from steel.
- Strong and long lasting.
- Flat washers are used with plastic elevator buckets and dome washer are used with metal elevator buckets.

### Options:

- The distance between the bolt holes can be changed.
- There are different sizes as shown in the chart.
- Can be shipped with nylon nuts.

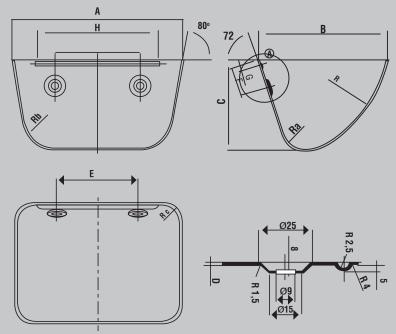

### Packaging:

• Can be shipped with carton boxes or in sacks.

# **Applications:**

• Elevator buckets are used over vertical elevators.

# ELEVATOR BUCKET FASTENERS

Code: KK 16 - KK 18 - KK 38 - KK 39

Code: KK 06 - KK 08 - KK 10 - KK 10B - KK12

By their special design they fastens the elevator buckets to the elevators strongly.

### Features and Benefits:

- Steel elevator bucket fasteners are manufactured in DIN 15237 standards.
- Strong and long lasting.
- Silver or gold color plated.

### Options:

- Can be shipped with nylon nut and with flat or bowl washer.
- Various bolt sizes available.

### Packaging:

- Shipped in carton boxes. Packaging as follows; KK06, KK08, KK16 and KK18 500 pcs/box, the other elevator buckets are shipped as 200 pcs/box.
- Elevator bucket fasteners are shipped as demounted in plastic bags.

### Applications:

Used in vertical elevators to fasten the buckets to the elevators.

ELEVATOR BUCKET FASTENERS SELECTION CHART								
Fastener Code	Bolt Sizes	Head Diameter						
KK06 (DIN 15237)	M6 x 30 – 40 mm	18,5 Ø						
KK08 (DIN 15237)	M8 x 30 – 40 – 50 mm	30 Ø						
KK10 (DIN 15237)	M10 x 40 – 50 mm	30 Ø						
KK10B (DIN 15237)	M10 x 40 – 50 mm	34 Ø						
KK16	M8 x 30 – 40 – 50 mm	28 Ø						
KK18 (With Nylon Nut)	M8 x 30 – 40 – 50 mm	28 Ø						
KK38	3/8" x 40 – 50 mm	32 Ø						
KK39 (With Nylon Nut)	M10 x 40 – 50 mm	32 Ø						
KK12 (DIN 15237)	M12 x 40 – 50 – 60 mm	34 Ø						

# **ELEVATOR BUCKET OVAL BELT FASTENERS**

### Features and Benefits:

- Long lasting and durable to corrosion.
- Gold color plated.

### Options:

• Various bolt sizes available.

### Packaging:

- Shipped in carton boxes. Packaging as follows; JR38 200 pcs/box, JR16 300 pcs/box, JR14 500 pcs/box.
- Elevator oval belt fasteners are shipped as demounted in plastic bags.

# Applications:

• Used in vertical elevators to fasten the buckets to the elevators.

FASTENER CODES AND SIZES								
Fastener Code	Bolt Sizes	Bolt Length						
JR14	1/4"	30 - 40 mm						
JR16	M8	30 - 40 - 50 mm						
JR38	3/8"	40 - 50 mm						

# SCREEN HOOKS AND BOLTS

These are the so called U BOLTS and J BOLTS.

### Options:

• Available in various lengths and diameters.

### Packaging:

• Packaged with carton boxes. EK01 and EK02 are shipped as 300 pcs/box, the others are shipped as 200 pcs/box.

### Applications:

- U BOLT'are used at mines; sand, gravel and coal querries and kind of crushing and screening plant to fix the sieve to the body of the screen.
- J BOLT's are used to strech the sieves over the screen.

**KIVILCIM** is established as the first Turkish manufacturer at its sector in 1949, and since then leading conveyor belt fasteners sector in Turkey.

Our brand, besides over 500 respected customers in Turkey and with export over 25 countries, is on the way of being a world brand of its sector. With the proud of this success, with responsibility, our company is going on manufacturing with latest technology at our modern factory always putting quality and trust at the first place. Thanks to our research and development investments to meet customer needs our product range is expanding gradually. **SELFLEX** is the registered trade mark of **KIVILCIM**.
